

Book Title: Dragons Love Tacos

Author: Adam Rubin

Publisher: Dial Books

Story content:

“Dragons Love Tacos” is a whimsical story about dragons and their love for tacos. The tale begins with a young boy who discovers that dragons adore tacos but warns that they cannot handle spicy salsa! The boy throws a taco party for this dragon and friends. Things go hilariously wrong when they accidentally served spicy salsa. The dragons go wild, creating comical chaos that children will love. With playful illustrations and

a fun storyline, this book captures the imagination of four-year-olds to five-year-olds, combining humour and adventure.

I recommend this book for several reasons. First, it is fun and engaging. The quirky premise and humorous situations keep young readers entertained and eager to flip the book and see what happens next. For example, after a few pages, children learn that dragons can't handle spicy. Then, the story reveals that there are jalapenos in the salsa. Children can make a prediction on what may happen next in the story. Second, it is a visually appealing book. The colourful and lively illustrations enhance the story, making it visually stimulating for young children. Third, the book fosters imagination and creativity. The idea of dragons and tacos sparks creativity, encouraging children to think outside the box and enjoy storytelling. Finally, the story serves moral learning by subtly teaching children about the importance of understanding preferences and being mindful of others' needs.
