Book Recommendation

I recommend this book because...

It is a very touching book to let children understand they are loved and cherished unconditionally by their parents. It also helps children know that their uniqueness is embraced and accepted. It is a good book for kids to read with their parents, especially mummy, with the love message "I love you" being repeated many times throughout the book. The level of difficulty of the book is appropriate for kindergarten students with good vocabulary to learn, e.g. grin, snuggle, frightened, bashful, curious, frisky, etc.
