

Book Title: Hamilton's Hat

Author: Martine Osborne

Publisher: Macmillan Children's Book

Story Content:

Hamilton is a cheerful little pig with a very big passion for hats! He loves all kinds of hats: tall hats, tiny hats, fancy hats, and even silly hats. Wherever Hamilton goes, he's wearing one of his favourites. His mother sometimes worries that Hamilton might care too much about looking stylish, but the truth is, his hats lead him wonderful adventures.

Book Recommendation

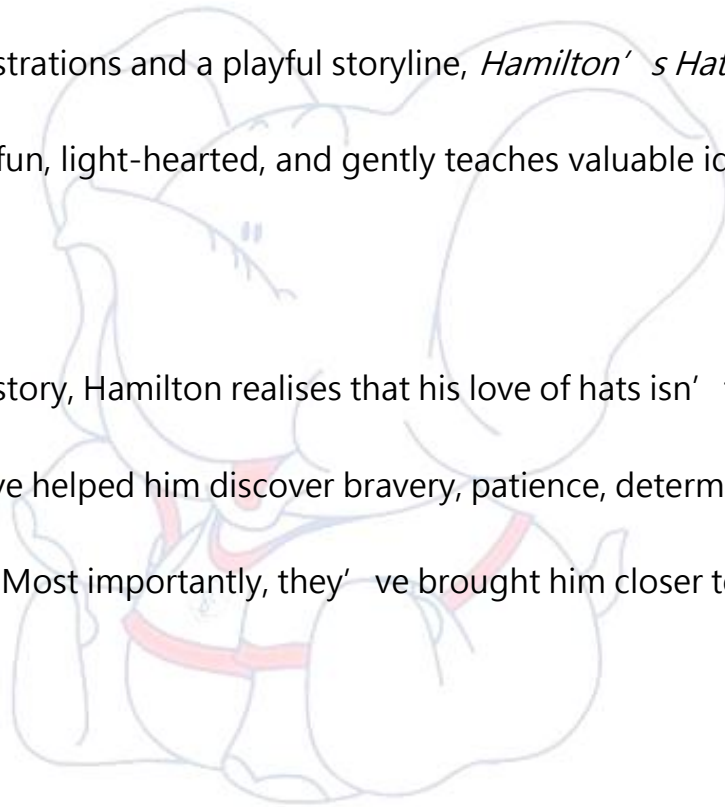

Jun 2026

As Hamilton meets different animals, each hat seems to teach him a new lesson. One teaches him to keep trying when things get tough, another helps him find courage, and there's one that shows him the importance of being patient. Finally, when a friend needs help, Hamilton learns the most valuable lesson of all; kindness.

I recommend this book because...

It's colourful illustrations and a playful storyline, *Hamilton's Hats* is a delightful read for children. It's fun, light-hearted, and gently teaches valuable ideas about character and friendship.

By the end of the story, Hamilton realises that his love of hats isn't just about looking good. His hats have helped him discover bravery, patience, determination, and the joy of helping others. Most importantly, they've brought him closer to his friends.
